School Bills "up" 30%

How the Increase can be met.

In sympathy with everything else, School Fees have "gone up." The charges at Eton used to be £165; now they are £200 per annum, and it is estimated that the average increase of School Bills over the pre-war standard has been anything from 15% to 30%.

The problem of finding the funds for this higher cost of Education is causing serious concern to parents. The increase is making it impossible, in many instances, for parents to send their sons or their daughters to the schools originally chosen.

There is a very simple solution to the whole difficulty if it is faced early enough. Do not wait until the school age arrives, but, by commencing to make deposits each year while the child is still young, guarantee his fees being available when they are needed.

For example, parent, age 35, deposits £64 18s. per annum (less income tax, saving at 3/- in the £ £9 14s.—net premium £55 4s.) for 13 years on behalf of his boy, now one year old. When the boy reaches the age of 14, £200 per annum will be paid the parent for five years.

Several points must be kept in mind when making such an arrangement:—

(1) The Policy must enable income tax to be saved on the annual premium.

(2) Provision must be made that in the event of the father's death no further deposits are needed, but the Company will contribute instead an annual amount towards the child's preparatory education.

(3) In the event of the child's death before the policy matures, the parent or another child should be able to benefit.

(4) Facilities should be given for the Policy to be kept in force if at any time the annual deposit cannot be paid promptly.

All these advantages can be obtained through the Educational Policy of the Sun Life of Canada.

Larger deposits secure a correspondingly greater return. Smaller deposits—smaller returns. Adjustments can be made for different ages, different amounts or different terms of years. You can make a single deposit, five deposits, ten deposits, whatever number of deposits you like; satisfactory arrangements can be made to suit each individual case.

Here, then, is the ideal way of providing for the boy's education which relieves you of one great responsibility. It shields your boy against circumstances which might otherwise deprive him of a good education.

Why not make immediate enquiries? No obligation is incurred. The information is willingly given and only good can come of the enquiry.

ENQUIRY FORM—or Letter will do.

NEW METHOD OF LEARNING FRENCH OR SPANISH

Latest Achievement of Famous Pelman Institute

"Do you think that you could pick up a book of 400 pages—or even of forty pages—written in a language with which you are unacquainted—say French or Spanish or Italian—and containing no English words at all, and read that book through without once referring to a dictionary?"

"Of course I couldn't," you will reply; "such a thing is impossible."

Certainly it seems impossible. Yet this is just what the new method of learning French or Spanish by correspondence, introduced by the well-known Pelman Institute, now enables you, or anyone else, to do.

Based on an entirely new principle, the Pelman method is simplicity itself, and the very first lesson of either of the Courses will amaze you. There is not a word of English in this lesson, yet you will be able to read it with ease, and you would be able to do so even if you didn't possess the slightest previous knowledge of the language in question.

"After several years' drudgery at school, I found myself with scarcely any knowledge of the French language, and certainly without any ability to use the language. I realise now that this method was wrong. After about six months' study by the Pelman method, I find I have practically mastered the language."

Writes B.143.

"I find the lessons so interesting that I have now decided to go in for the full Course. Whilst my vessel remains in Home Port the available time for study is not so regular as one might wish, but I hope to make up for it when I get away to sea."

Writes N.156.

"I am delighted with the Spanish Course, and find it extremely interesting and easy to follow. The learning of languages is an interesting study, but the hard work usually entailed generally results in the evaporation of interest. Your Course retains the student's interest and teaches him the language; it is without doubt the solution of the problem of the study of Foreign Languages."

Writes S.T.104.

By means of the Pelman method you are taught French or Spanish through the post, and you follow the Course in your spare time. The method is of absorbing interest and fascination, and enables you to acquire a thorough practical mastery of French or Spanish in a few months

There is no need (when you follow this method) to spend hours, days and months studying complicated and dreary rules of grammar or memorising long vocabularies. The language in question is taught *without translation*. There are no French or Spanish passages to be put into English, and no English passages to be put into French or Spanish.

You learn French or Spanish in the natural direct way, just as you would do if you were living in France, Spain or South America.

Write to-day for either (1) "*How to Learn French*" or (2) "*How to Learn Spanish.*" State which book you require and it will be sent, gratis and post free, to any address. Apply to-day for full particulars, to the PELMAN INSTITUTE (Modern Languages Department), 156, Bloomsbury Mansions, Hart Street, London, W.C.1.
